WORK EXPERIENCE

Precisely Software & Data India P. Limited - Technical Consultant
Project - EnterWorks
July 2022 - PRESENT

- As a Technical Consultant, I manage global EnterWorks installations, ensuring seamless, successful deployments. My responsibilities include careful planning, technical expertise, and proactive communication.

Technologies worked on - SQL Server, Installer, Windows OS

Precisely Software & Data India P. Limited - **Software Engineer**
Project - Web Mapping Application
May 2020 – June 2022

- I created InstallShield installers for a web mapping app, ensuring seamless installations. Managed CI/CD pipelines with TeamCity, reducing manual work by 70% and boosting efficiency.
- Managed Git Continuous Integration (CI) and configured custom runners using Docker.
- Set up a TeamCity project for Checkmarx scans.

Technologies worked on: TeamCity, GIT, PowerShell, Checkmarx, InstallShield, Docker, Windows & Linux OS

Pitney Bowes Software India P. Limited - **SDE Intern**
Project - Cross Border E-commerce
February 2016 – April 2020

- Automated the software build process using Jenkins, including configuring and managing build jobs, setting up build triggers, integrating with version control systems, and executing build scripts.
- Created and managed branches for software development in version control systems to organize and isolate different features, bug fixes, or releases.

Technologies worked on: Jenkins, SVN

EDUCATION

Uttar Pradesh Technical University, Lucknow
B. Tech in Computer Science and Engineering, Graduated in 2015
